BUSINESS UPDATE

May 26th, 2016
at Marriott Hotel-Karachi

The Professionals Network and Ethical Business Update with the collaboration of various related organizations are very excited to launch The 2016 International Environment, Health & Safety Awards!

The 2016 International Environment, Health & Safety Awards are open to all organizations for their health and safety management at a specific site or business unit. Organisations will have to answer 12 questions about their health and safety management and submit the answers online. View the 2016 questions and the marking scheme. The application process for the 2016 awards scheme will be closed by 15th May, 2016.

Eligibility Requirements

These awards are open to companies in the corporate, private, nonprofit and public sectors. Enter your work, the work of your team or submit entries on behalf of your client. Profile your team's achievements and inspire others to drive real change in the way that businesses approach sustainability by EHS initiatives.

We want to see work from any industry, anywhere in the world. Companies from around the world are welcome to enter as long as the entry is submitted in English.

This year's program is open to any EHS initiatives executed between January 1, 2015, and December 31, 2015. Gain the recognition you deserve and inspire others to act.

Deadlines

Deadline: Sunday, May 15, 2016

Why apply for an International Environment, Health & Safety Award 2016?

The International Environment, Health & Safety Awards are:

- Independently marked by experienced environmentalist, health and safety practitioners
- An invaluable award endorsing your environment, health and safety management
- Benefits
- Demonstrates your commitment to high standards
- Press coverage for the event
- Attendance at the winners' gala party
- Winners' logo on various collateral related to the event and a winning certificate
- Winners' trophy marked with the particular category

Sector Awards

2016 International Environment, Health and Safety Award winning organisations could be nominated for a 'Sector Award' for outstanding sites and business units within their sector, as judged by our independent adjudicators based on the documents submitted by the award participant. The 2016 sector categories are as follows:

- Manufacturing
- Oil, gas, mining and quarrying
- Power and utilities
- Construction and property activities
- Wholesale and retail services
- Transportation, distribution and warehousing
- Hospitality and catering
- Education
- Health and social care
- Not for profit
- Financial, IT, legal, scientific and technical services, media
- Local government, defence and public services
- Onshore major hazard

Health and Safety Champion and Young Health and Safety Champion

There will be two special individual awards alongside the International Environment, Health & Safety Awards. One for the "Health and Safety Champion of the Year" and the second for the "Young Health and Safety Champion of the Year".

These two awards are an opportunity for organisations already submitting a 2016 International Environment, Health & Safety Award application to nominate individual employees for their contribution to the organisation's overall improvements in health, safety and welfare on site. The requirement is that their contribution was over and above their role and that their main role is not health and safety related. This is free to enter to any organisation completing a 2016 International Environment, Health & Safety Award application.
